PAPER PRESENTER GUIDELINES: 2018 WERA WORLD CONGRESS, CAPE TOWN, SOUTH AFRICA

---

The 2018 WERA World Congresses is around the corner.

Please be aware of the following information when planning your paper presentation to ensure that it adheres to the time available during each session:

- Each session is 90 minutes long.
- 10 minutes will be allocated to the Chair at the beginning of the session. The session Chair will introduce each paper.
- 10 minutes will be allocated to questions at the end of the session.
- The remainder of the time (70 minutes) should be distributed evenly among presenters (an average of 3-5 presenters per session).
- A tight time schedule will be managed by the Chair of a session.
- All presentation venues are equipped with a projector, as well as a computer (with external speaker) and microphone.
- It is recommended that presenters make use of a PowerPoint presentation in order to present their paper. Please save your presentation materials on a USB flash drive and bring it with you to the venue.
- The presenter should prepare an outline of the major points of the paper.
- Highlights may be given covering such points as the purpose of the study, description of the sample, methodology, problems, and major findings, conclusions, or recommendations. The amount of time devoted to each highlight will vary according to the author's evaluation of the importance of each area to the paper.
- Inexperienced extemporaneous speakers are advised to prepare a reading text of approximately 5 to 7 typed pages.
- You should provide any printed copies of your paper and/or PowerPoint handouts by yourself.

Programme planning is in progress and the programme committee will inform you as to your exact presentation time as soon as available.

If you have additional questions or concerns, please contact the 2018 WERA World Congress at [admin@wera2018.co.za](mailto:admin@wera2018.co.za).
